

After the Sun Goes Down

Music and Lyrics by Aline Shader (1992)

Verse 1

After the sun goes down
After the sun goes down
After the fading light
Just before night
After the sun

Verse 2

Time for the moon to rise
Time for the moon to rise
Time for the sleepy one
After the sun
Time for the moon

Bridge

Where will you be?
Where will you be, when the stars come to shine?
Waiting to see
Waiting to see such a perfect design
Everything's fine

Verse 3

After the sun goes down
After the sun goes down
Time for a dream or two
Time for you
After the sun
After the sun
