

Celebration

Music and Lyrics by Aline Shader (1992)

Verse 1

A story is told of a wonderful night
When out of the darkness came freedom and light
A reason to celebrate year after year
A very great miracle happened here

Verse 2

We sing of the past and a dream that came true
We dance for the hopes in our hearts ever new
We wait for the dawning of day to appear
And see a great miracle happen here

Verse 3

We journey together, the pathways are steep
A distance to travel, a promise to keep
When children can live in a world without fear
Another great miracle will be happening here
