

Follow Your Dream

Music and Lyrics by Aline Shader (1996)

Part 1

Who remembers a rainy day
When the sun didn't bother to show
Blue skies covered by clouds of grey
And a sad kind of feeling, you know?

Rain and sorrow both disappear
Never mind all the wondering why
Sun comes shining through, dreams can all come true
By and by

Part 2

Follow your dream
Dream from the start
Hold onto hopes
That are in your heart

Promise to keep
Promise to try
Dreams you discover
