

## For Love to Grow

Music and Lyrics by Aline Shader (1994)

### Verse 1

When I look into the mirror  
The reflection that I see  
Is a different face from your face  
But we share a destiny

Though my eyes are dark as midnight  
And your eyes are light as day  
I can see the love that sparkles  
In the same familiar way

### Refrain

For I am yours and you are mine  
Forever will our lives entwine  
And pass tradition down the line to keep it so

For I have you and you have me  
With every possibility  
You chose to be my family for love to grow

### Verse 2

When I know I should be smiling  
And I can't erase the frown  
Then somehow you turn my world  
To right side up from up-side down

In the time I can remember  
Through the laughter and the tears  
It's as if we've been together  
Every minute all the years

### Refrain

For I am yours and you are mine  
Forever will our lives entwine  
And pass tradition down the line to keep it so

For I have you and you have me  
With every possibility  
I [You] chose to be your [my] family for love to grow
