

## **Friends**

Music and Lyrics by Aline Shader (1986)

### **Part 1**

Take one, take two  
That's me and you  
Take us and see  
Just what a friend can be

### **Part 2**

We'll ramble on and on, and talk, the more the better  
We will depend upon each other to the letter  
A joke for us to share, together here and there  
We'll know just what a friend can be

### **Part 3**

One is a lonely someone, take two  
Two and the other someone is you  
We agree  
That's what a friend can be

### **Ending**

That's you and me
