

## Grandma's Song

Music and Lyrics by Aline Shader (1991)

### Verse 1

My grandma says when she  
was young  
She didn't have TV  
Or video games, or videotapes  
The ones we like to see

There wasn't frozen food to buy  
No pizza restaurants, oh my  
Or spaceships roaming through  
the sky  
But that's okay with me, 'cause...

### Refrain

Look at her now  
She can drive a car  
She can pick me up at school  
She can make the chicken soup I like  
She can ride a bike and her jeans are  
cool  
She plays the games I like to play  
She says she knew them when  
She was just a kid, just about my age  
In the old days way back then

### Verse 2

My grandma says when she  
was young  
She didn't have a clue  
About computers, microwaves  
Transistors, superglue

She had to wind her watch each day  
No Velcro snaps, not any way  
But still she had good things to say  
And lots that she could do, and...

### Refrain

Look at her now  
She can drive a car  
She can pick me up at school  
She can make the chicken soup I like  
She can ride a bike and her jeans are  
cool  
She plays the games I like to play  
She says she knew them when  
She was just a kid, just about  
my size  
When she looked around and before  
her eyes  
There was always some kind of  
big surprise  
In the old days way back then
