

It's Time to Stay Wide Awake

Music and Lyrics by Aline Shader (1994)

Verse 1

It's time to stay wide awake tonight
And sing, and sing until the morning light
Oh, I never did this before
But now I might
De ah de ah de ay
I'll sing the night away, away
De ah de ah de ay

Verse 2

It's getting so late but I won't forget to sing tonight
I'm ready, I'm all set
Oh, I'm sure that I won't be tired at all
You bet
De ah de ah de oh
I'll sing a song I know, I know
Sing the night away, away
De ah de oh de ah de ah de ay

Verse 3

It's where I am going and where I have been
A song that has no end can just begin
You begin and then singing lets the sun shine in
De ah de ah de oo
I'll sing a song to you, to you
Sing a song I know, I know
Sing the night away, away
De ah de oo de ah de oh de ah de ah de ay

Ending

Singing all night
The time is right
I must begin
To let the sun shine in
