

Lullaby to the Trees

Music and Lyrics by Aline Shader (1977)

Verse 1

Tutti

Sing a lullaby to the trees
And a message to start a new serenade

Part 1

Goodnight sunlight ready to fade
Up in the morning there's plenty of shade

Part 2

Ooo...
Ahh...

Verse 2

Tutti

Every star in the sky agrees
As they twinkle and shine they're trying to say

Part 1

Don't forget you're not in our way

Part 2

Ooo...

Tutti

A marvelous view
We're singing for you
A lullaby to the trees

Bridge

When you've had a busy day and the moments were filled with delight
If the passing hours relay that the time for sleep is right
Then before your eyes are closing and the darkness moves along
While your thoughts are still supposing comes a song, a quiet song

Tutti

Sing a lullaby to the trees
And a message to start a new serenade

Part 1

Goodnight sunlight ready to fade
Up in the morning there's plenty of shade

Part 2

Ooo...
Ahh...

Tutti

Every star in the sky agrees
As they twinkle and shine they're trying to say

Part 1

Don't forget you're not in our way

Part 2

Ooo...

Tutti

A marvelous view
We're singing for you
A lullaby to the trees

Every star in the sky agrees
As they twinkle and shine they're trying to say

Part 1

Don't forget you're not in our way

A marvelous view
We're singing for you
