

## Shells

Music and Lyrics by Aline Shader (1971)

### Verse 1

Who used to live in this tiny little shell  
In this tiny little shell I found?  
No one could tell that this tiny little shell  
Would be lying on the sandy ground

### Bridge

Just waiting for someone like me  
To pick it up and look inside  
Wash it off and take it home  
All warm and clean and dry and wonder...

### Verse 2

Who used to live in this tiny little shell  
With a speck of yellow, green and blue?  
And how?  
And when?  
And who?
