## **Part A**

There's a lot of time for singing, singing  
Any time of day or night  
There's a lot of time for singing, singing  
Everything will turn out right

## **Part B**

Singing friends are the best around  
Sing your troubles away  
Singing friends are the best in town  
Always willing to stay

## **Part C**

And when you ought to speak your thought  
But it stays in your head  
You might change your mind and be the kind  
Who could sing it instead

## **Part D**

Why be weary when singing's cheery  
And nothing's better than  
Young and older and shy and bolder  
To have a singing plan

## **Part E**

Sing about in and out  
Good and bad and happy and sad  
You will see, you'll agree  
You will be free

## **Part F**

Singing, singing  
Sing a song  
Singing, singing  
Sing along
