

When Phoebe Claps Her Hands

Music and Lyrics by Aline Shader (1994)

Verse 1

Leader

When Phoebe claps her hands

We all begin

When Phoebe claps her hands

We all join in

And someone snaps his fingers

It makes you start to sway

And we become the singers

There's one more thing to say

When Phoebe claps her hands

What can you do?

Tutti

You do it, too

'Cause everybody understands

When Phoebe claps her hands

Chorus

When Phoebe claps her hands

We all begin

When Phoebe claps her hands

We all join in

And someone taps her toes

It makes you start to sway

And that's the way it goes

We like it anyway

When Phoebe claps her hands
