

## Where You'll Always Be

Music and Lyrics by Aline Shader (1994)

### Verse 1

Where the day begins  
Where the nighttime ends  
Where the sky is blue  
And the rainbow bends  
What I'll always see  
When I think of you  
Where you'll always be

### Verse 2

Where the stardust falls  
And the moonbeam shines  
Where the sun is new  
And the light defines  
What I'll always see  
When I think of you  
Where you'll always be

### Bridge

And I wait for  
And I wish for  
And I look everywhere  
'Til I'm sure  
Very sure  
You are there

### Verse 3

Where the weaver spins  
And the dream is caught  
Where my highest hope  
Meets my deepest thought  
Why I always knew  
What I'll always see  
When I think of you  
Where you'll always be
