You and I

Music and Lyrics by Aline Shader (1986)

Part 1

You and I have a wonderful song
When I'm with you, singing along
There's a melody that lingers and then
What do we do? Sing it again!

You and I have a wonderful time
Always a tune always a rhyme
Here we are and this is where we belong
When we're singing our wonderful song

Part 2

You can always count on me
I will sing the harmony
Is there any sound so sweet?
So nice, complete

And I can always count on you
You will keep the rhythm, too
Welcome everyone along
When we're singing our song
