

## **I Read A Story**

Music and Lyrics by Aline Shader (1979, revised 2000)

### **Verse 1**

I read a story a long time ago  
And I remember the scene about the king and the queen  
I read a story and I ought to know  
'Cause it was very, very special to me

### **Verse 2**

I read a story and spiders could talk  
A duck could go for a walk, a boy was friends with a hawk  
I read a story of what I could be  
And it was very, very special to me

### **Bridge**

I have been around the world to see the sights  
Many famous people passing by  
On the sea and in the air for days and nights  
Reading in my room where I can sail and fly

### **Verse 3**

I read a story, I liked it, and then  
I put it back for a while and read it again  
A certain story I cry and I smile  
Can you imagine what a story can do?  
It could be very, very special to you
