

**All At Once
CYCLE**

Music and Lyrics by Aline Shader (1995)

Suddenly a sight and sound
Come together and rebound.
Memories are lost and found
All at once.

Suddenly I wonder why
Didn't know the time went by.
Can't decide to laugh or cry
All at once.

Photographs of yesterday
Frame a place far away.
Skip the pages 'til the last
Seems too slow, seems too fast.

In the greater scheme of things
Winters turn to budding springs
And a choir of children sings
All at once.
